

# Carnet Fee Schedule

Effective July 1, 2010

## Basic Fees

General List Value	
\$0 - \$9,999	\$215
\$10,000 - \$49,999	\$245
\$50,000 - \$249,999	\$305
\$250,000+	\$355

Basic fees include the first page of the General List and up to four sets of Counterfoils and corresponding Vouchers (U.S., foreign, or transit). If you're traveling to several countries, additional sets may be requested with your application at \$15 per set. Contact your Carnet Service Representative to determine the best number of Counterfoils and Vouchers.

General List Continuation Sheets                    \$ 8 *per side after the first side*

Additional Sets of Counterfoil/Voucher            \$15 *per set after the first four sets*

If your Carnet hasn't yet expired and you'd like to continue using it, additional Counterfoils/Vouchers may be added to an existing document. Our reorder fee includes up to four sets of additional Counterfoils and corresponding Vouchers (U.S., foreign, or transit). Additional sets may be requested with the same order at \$15 per set.

## Expedited Issuing Service

## How to Calculate the Fee for a Carnet Bond

The premium or fee for posting a Carnet bond is one percent (\$10 per \$1,000) of the required security amount or \$50, whichever is greater. For example, if your General List value is \$20,000, the required security is generally 40% or \$8,000. The bond premium payable is 1% of the required security or \$80. If a vehicle is included on the General List, remember that the security requirement is typically 100% (for corporations) or 150% (for individuals).

## How to Calculate the Fee for Cargo Insurance on a Carnet

Your premium is based upon the value of your goods as well as the number of times you will be making entries into foreign countries. The following breakdown shows typical premiums for Carnet cargo coverage.

1-3	visits or transits = Value of goods x .80%
4-7	visits or transits = Value of goods x 1.05%
8-11	visits or transits = Value of goods x 1.55%
12-15	visits or transits = Value of goods x 1.80%

A minimum premium of \$50 applies; rates may be subject to change.
